This year's golf outing will be a golf scramble format. A golf scramble is a format where four players form a team (you can select the players that you want to play with) with the rules emphasizing fun without the pressure of players keeping individual scores.

1. Each player on the team hits a tee shot
2. The players decide which shot they like best and all players then play from that spot
3. The players whose shots were not taken pick up their balls and move them to within one club length of the selected spot
4. This format continues until one player hits the ball in the hole
5. The team score is total of the best shots.
